

## The Educational Water Pact Forum

Our Mission:

*A clean glass of water for every child in the world*

The Educational Water Pact is a collaboration between Scholas Occurrentes and Y.A. Maof. Together, we work tirelessly to create long-lasting and impactful changes that will allow water-deficient areas to heal and prosper. We build bridges between people and technology, integrating economy, environment and society. Promoted by Pope Francis, based on his social and environmental objective, the Educational Water Pact Forum was born from the common will of Scholas and Y.A. Maof to provide a glass of clean, drinking water to all the children of the world.

“

*“Our world has a grave social debt towards the poor who lack access to drinking water, because they are denied the right to a life consistent with their inalienable dignity” (Laudato si’, 30)*

*Pope Francis*
